JUNE 2023

ATTACKS ON HUMAN RIGHTS

Today, we are experiencing unprecedented attacks on our community with over 450 pieces of anti-LGBT legislation across the country. The Clubs will continue the fight for gay rights that we began more than 58 years ago. As we enter into Pride month, the significance of our history has never been more important, along with the need to continue to support the many fights yet to come to ensure our civil rights.

BE PROUD

Everyone experiences Pride a little bit differently--and The Club wouldn't want it any other way. So let's get started by letting our hair down among friends, family, and other like-minded souls and embrace the joy that comes with celebrating the unmatched diversity of our community. After the parade on June 10, or after celebrating at the festival in Military Park, there's no better place than nearby Club Indianapolis to shed your clothes and relax by the pool.
