

CLUB ST LOUIS

AUGUST 2022 NEWSLETTER

GOOD.

CLEAN.

FUN.

Happy August! We hope you are enjoying your summer so far! Of course, we want to help you with that which is why we are keeping the Good. Clean. Fun. going this month. From a foam party, Sunday buffet, lights out and of course our popular Red Zone, we have something for you all month long.

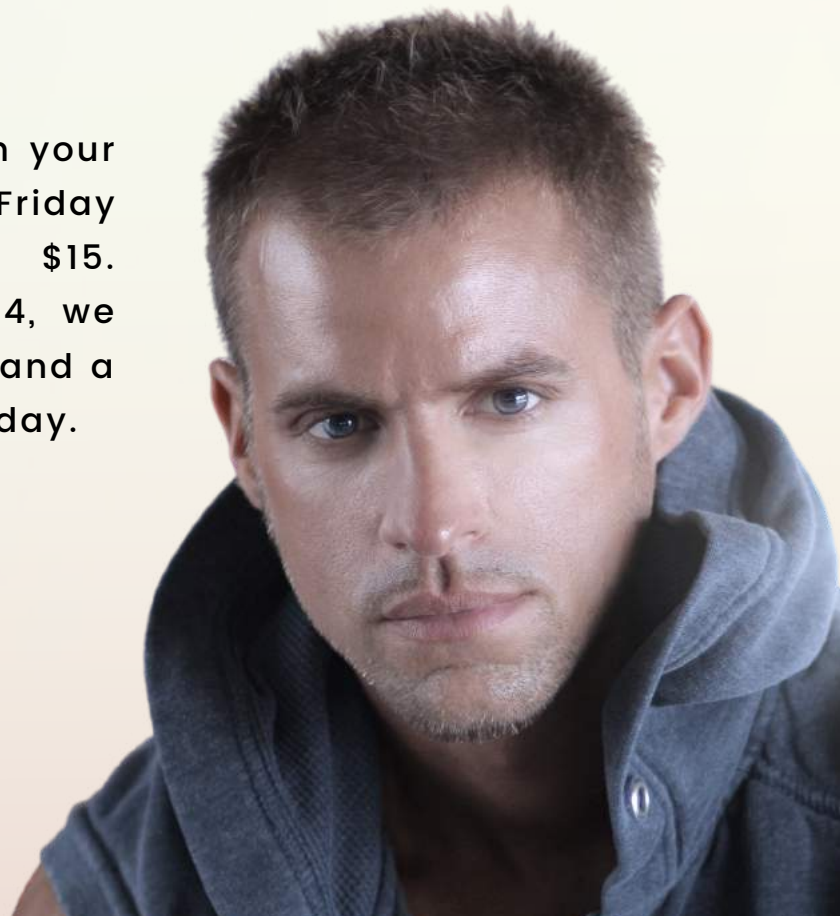

Did you know???

You can enjoy a free locker on your birthday. Monday through Friday from 8am-4pm we offer a \$15. locker special. If you're 18-24, we offer a Free 1-time guest pass and a Free locker rental Monday - Friday.

The poster features a teal background on the left and a white background on the right. On the left, there is a circular logo for Club St. Louis with a figure holding a globe, surrounded by the text "CLUB ST. LOUIS", "2625 Samuel Shepard Dr.", and "314-533-9993". Below the logo, the text "HIV Testing Event" is written in yellow, with "Event" in a larger font. Underneath, the date and time "Friday August 12th, 2022 starting at 5 pm" are listed in green. At the bottom left of the teal section is the website "www.clubsaunas.com". On the right, the Community Wellness Project logo shows stylized human figures in black, yellow, and red, with the letters "C W P" below them and "Community Wellness Project" written underneath.

Our next Community Wellness Project testing event will be Friday, August 12th beginning at 5pm. Come get tested and receive a free entry into the club curtesy of Community Wellness.

Vivent Health will be here throughout the month to conduct FREE HIV/STI testing. The club serves as a hosting site for this service, therefore, it is always free to come get tested. Please ask a staff member or see the schedule on the community board for testing dates/times.

COME

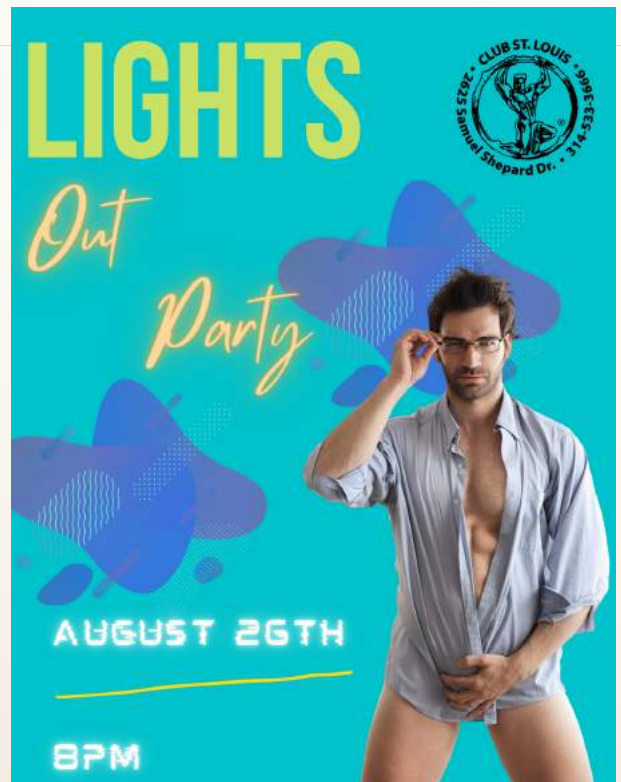

PLAY

IN

THE

DARK...

During our Lights Out glow party on Thursday, August 26th. We dim the lights, you grab a glow stick and get your adrenaline pumping. Light snacks will be provided. This party will begin at 8 pm.

HEALTH.

Monkeypox...

Hopefully most of you have heard of it, its a pesky little virus primarily spread through direct physical contact. According to the City of St. Louis Department of Health's website:

"a vaccine is approved for Post Exposure Prohylaxis (PEP) based on the following:

- People who may have been exposed to monkeypox, such as:
 - People who are aware that one of their sexual partners in the past 2 weeks has been diagnosed with monkeypox
 - People who had multiple sexual partners in the past 2 weeks in an area with known monkeypox"

The website does not indicate a preventative vaccination is available for the City of St. Louis or the state of Missouri. For the state of Illinois, vaccinations may be available. We encourage you to check with your local health department for the most recent information.

WISHING YOU ALL A SAFE AND HEALTHY AUGUST.
